

THE COLVILLE PROJECT

Building Community Wellbeing

February 2020

Following on from the community meetings we have been busy collating the feedback and using this to start our 2020 action plan. Thanks to all who attended, you have given us much to consider and we'll be in touch soon with invites to the various advisory groups that were discussed. Don't forget to head to our website to see the concept video created by Glen Benmayer, feedback and comments welcomed.

Our fishing competition was postponed due to inclement weather but we sizzled sausages at the Barry Brickell play with clay day on Anniversary Weekend.

A big thanks to all the hungry sausage eaters, Lindsay Garmson for the gazebo, Michael James for the barbecue, Bob Drummond for the gas and help with set up and breakdown, Damian at FourSquare for the food and, of course, our sizzlers.

We also attended a community board workshop to talk about how we can work together to move the project along.
