THE COLVILLE PROJECT

Newsletter 10 December 2018

WHAT'S HAPPENING WITH OUR PROJECT?

A quieter month for the team as we head into the Summer period. We are now in discussion with Beca to progress our concept design for the project. This ties in with our recent request for volunteers to join our advisory groups to ensure all the community is represented in the upcoming workshops.

TCP ADVISORY GROUPS:

Thank you to those who have already expressed their interest in joining these groups. We are still open for additional volunteers and invite you to send an Expression of Interest via the website, Facebook, or an email to cdw@colville.org.nz stating which of the following areas you would be interested in supporting:

Fund Raising Waste Management Land Matters Event Management
Social Media & Marketing

UPCOMING EVENTS

Look out for a fabulous Fishing Competiton on January 3rd. More details for follow but having fun and supporting The Colville Project is always a good thing.
